# Why are farmers choosing MAYA?

After 40 years of corn head manufacturing and engineering, MAYA remains committed to producing the highest quality corn head on the market. Our focus is to revolutionize corn harvesting by keeping more corn in the tank and providing our customers with more money in the bank. We offer farmers a wide range of options to meet his or her specific needs.

A photograph of a cornfield with rows of green corn plants. A dirt path runs through the middle of the field towards the horizon. The sky is filled with large, textured clouds, illuminated from below by a warm, golden light, suggesting a sunset or sunrise. The overall tone is warm and atmospheric.

We specialize in the  
manufacturing of corn and  
sunflower headers backed  
by a 3 Year Warranty

*It's tough, durable and easy to maintain*
